

FREE 1/2 DAY HANDS-ON PRACTICAL TRAINING ON USING RI TO AVOID COSTLY QUALITY MISHAPS

FOR POWDER METAL, BRAKE COMPONENT,
DUCTILE IRON AND CAST METAL SUPPLIERS

Avoid your next quality sort or containment crisis and the money and time it will cost to deal with it.

Don't leave quality to chance.

Now is the time to bolster your knowledge on 100% inspection nondestructive test methods.

Don't let human interpretation affect your quality.

Our fast, objective NDT-RAM systems remove human judgment by giving a pass/fail result.

Don't let quality problems affect your customer service.

Our commitment to customer satisfaction is unmatched. We will help you succeed.

Don't miss out. Join us for half a day to learn something new.

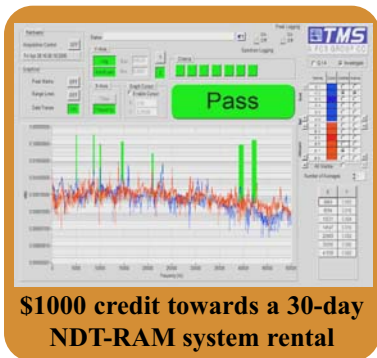

Training Includes:

- **Hands-on testing - Bring your own good/bad parts for evaluation**
- Technical Overview of Resonant Inspection
- Types of flaws and materials Resonant Inspection can test
- Advantages of Resonant Acoustic Method (RAM) v. other NDT methods

Door Prizes!

- Receive a free **USB memory stick** for each attendee
- **\$1000 rental credit** towards an NDT-RAM System will be given to each attendee
